INSPIRED BY  
MASLOW'S HIERARCHY OF NEEDS

- What do I need to properly deal with that is holding me back from growth in other aspects of my life
- How to open myself up to the flow of abundance that will improve my financial situation
- Something to be mindful of that will help deepen my connection with others
- A quality, positive or negative, that I don't fully recognize in myself
- An insight to my life purpose and how I can get myself closer to it
